Installation “165 photographs with Lodzia” 2012-2022

Lodz-New Orlean-Baram

“165 photographs with Lodzia” is a personal dedication to my mother, Leokadia (Lodzia) Klimczak who’s long and history-determined life served as an inspiration. It probably wouldn’t have taken the shape of this particular documentary-like form, had it not been for an envoy from New Orleans – Robin Levy. It is her and her mother – Anne Skorecki Levy – that encouraged me to look upon the lives of others through the experiences of my kinsmen. We are the heirs and successors of their memories – which shape and enrich us today.
